

## SCARLET OIL PUMP SPRAY

DIN 00526053

For use as a dressing for the treatment of superficial cuts, wounds, and burns of horses and mules. Shake well before using!

Remove pump cap from the top of the container. Direct spray at the site to be treated. Hold the container 10 to 15 cm from the animal and press down on the valve to spray. Apply the spray freely and use it as an open wound treatment or under bandage. The treatment may be repeated once or twice daily as indicated.

Presentation/Packing:

250 ml bottle; 12 bottles/carton

## WART ADE

DIN 00493597

Wart Ade is a liquid formula to be applied to warty growths on the body surfaces of horses and cattle.

Apply to warty growths twice daily, using the dauber supplied. Be sure to cover the entire surface of the wart.

Presentation/Packing:
