Presentation/Packing:

1Kg jar; 12 jars/carton

# GERME-ZONE

DIN 00097403

For Stock: Very beneficial for simple scours in calves, sheep, and other animals. The astringent action of Germe-Zone in the intestines of pigs suffering from necrotic enteritis is an aid in the treatment of this disease.

For Cuts, Scratches, Abrasions, Wounds & Burns:

Germe-Zone is a very effective and beneficial antiseptic application to the skin and semi-exterior mucous membrane, for poultry and stock. On cuts and wounds it may be applied full strength and will not injure tissue. An antiseptic wash may be made by diluting one part of Germe-Zone with 25 parts of water.

Presentation/Packing:

500 ml; 12 bottles/carton

# KOPPER KARE

DIN 00603481

Kopper Kare is indicated for use in the treatment of foot rot on cattle & sheep; thrush, hoof punctures and cracked hooves on horses; ringworm; wounds; after dehorning; as a pad toughener for dogs; and also for spongy hooves. It is a fungicide-antiseptic-astringent liquid.

Presentation/Packing:

475 ml bottle; 12 bottles/carton

Insecticides/Parasiticides/Disinfectants
